September 1, 2013

Stanford, California and New Delhi, India

Innovate Delhi, a novel entrepreneurship academy funded by the [SEED Institute at Stanford GSB](#) and [IIIT-D](#), will be held at the campus of IIIT-D in Okhla, New Delhi from June 1 to June 22, 2014. Innovate Delhi is a three-week intensive academy designed to help aspiring entrepreneurs in India hone their skills in innovation, venture design, and strategy.

Innovate Delhi participants will learn the latest startup frameworks from entrepreneurs, venture capitalists, and faculty from leading universities. Innovate Delhi subscribes to the idea that we learn best when we do. The Innovate Delhi curriculum is hands-on and participants will work collaboratively to develop a startup idea and have a chance to win funding. Full details about the program can be found at:

"We are very excited to offer the Innovate Delhi program to aspiring young entrepreneurs in India at IIIT-D next June", said [Dr. Sharique Hasan](#), Assistant Professor at Stanford University's Graduate School of Business and Innovate Delhi co-founder. "We are looking for smart, creative, and passionate men and women to participate. So, if you are passionate about startups, tech, or using your skills to design innovative products and services that millions of people will use, you should apply" at [www.innovatedelhi.com/apply](http://www.innovatedelhi.com/apply).

"I am really looking forward to Innovate Delhi", said [Dr. Ponnurangam Kumagraguru](#), Assistant Professor at IIIT-D and co-founder of Innovate Delhi. "We are really fortunate that IIIT-D and Stanford's SEED Institute have been able to generously support Innovate Delhi. It is a wonderful opportunity for young Indians that are passionate about entrepreneurship to learn from venture capitalists, entrepreneurs, and faculty as well as win some great prizes. If you have innovative ideas or have ever thought of creating your own startup, we encourage you to apply."

"We plan to accept 300 participants, so you will get to learn from literally hundreds of other smart and creative people", said [Rem Koning](#), co-founder of Innovate Delhi. "We will be using the latest technology to generate amazing data on how ideas emerge and teams collaborate, data we will use to give each student unparalleled personalized feedback to help them in their future entrepreneurial journeys."

The academy expects to receive many more applications than there are spots available. Early applications are encouraged: [www.innovatedelhi.com/apply](http://www.innovatedelhi.com/apply).

Applications are due by February 1st, 2014.
